**THE PLAZA METRO DISTRICT NO. 3
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized by Court Order on November 16, 2001, to provide construction, installation, financing and operation of public improvements, including streets, drainage improvements, traffic and safety controls, park and recreation facilities, water, sewer, television relay and translators, mosquito and pest control, and other improvements needed for the Development. The District was organized in conjunction with other related districts, Plaza Metropolitan District No. 1 and Plaza Metropolitan District No. 2. Under the consolidated Service Plan, District No. 1 is to be the Service District and District Nos. 2 and 3 are to be the Financing Districts. The Service District will finance the majority, construct all, and may own and operate some of the public facilities. The Financing Districts will generate the majority of tax revenues sufficient to pay the costs of the capital improvements. The District's service area is located entirely within the City of Lakewood, Jefferson County, Colorado.

On November 6, 2001, District electors approved revenue indebtedness of \$100,000,000 for street improvements, \$7,000,000 for traffic safety, \$25,000,000 for parks and recreation, \$36,000,000 for water supply system, \$35,000,000 for sanitary sewer system, \$12,000,000 for television relay system, \$12,000,000 for public transportation, \$7,000,000 for mosquito control, \$246,000,000 for debt associated with intergovernmental contracts, \$241,000,000 for refinancing of District debt, and \$7,000,000 for general operations and maintenance. The election also approved an annual increase in taxes of \$200,000 for general operations and maintenance, and \$5,000,000 in revenues other than ad valorem taxes.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-10 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Under the consolidated Service Plan, the District is limited to the imposition of a mill levy in an amount not to exceed 20 mills; provided, however, that in the event the method of calculating assessed valuation is changed after the date of approval of the Service Plan, the mill levy limitation provided for the District will be automatically increased or decreased to reflect such changes, so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor

Revenues – (continued)

enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. On December 3, 2002, the date of the consolidated Service Plan, the ratio of actual valuation to assessed valuation was 9.15% and for tax collection year 2022 the ratio was at 7.15%.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate	Category	Rate	Actual Value Reduction	Amount
Single-Family Residential	6.70%	Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%	Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%	Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%	Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%	State Assessed	27.90%	Lodging	\$30,000
		Oil & Gas Production	87.50%		

Due to this ratio change, the District's mill levy was increased to 26.992 mills.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the Budget at the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected on the gross Assessed Value.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 4%.

Expenditures

Administrative Expenditures

All administrative functions for the District are to be performed by District No. 1.
